

Supprimer une action de base

Starting point

- Your project comprises at least one basic action.
- You are in the **Create** overview window.

Procedure

1. In the right-hand button bar, click on the button **Basic action**.
2. Click on the symbol of the basic action you want to remove.
Result:
The **Basic action** pane appears and shows:
 - the name of the basic action;
 - an overview of all players linked to it and their behaviour and parameters.
3. Click on the button **Remove basic action**.
4. Click on the **Remove** button to confirm the action.
